Year after year, this book has immensely helped students in their comprehension of the subject and score good marks in examinations. It has been written specifically for the prescribed syllabus of Cost Accounting Paper of BCom (Hons) Semester IV of the University of Delhi and of School of Open Learning. Its basic features are the same as the mother book Cost Accounting—Principles and Practice, which is a UGC-recommended text for the last many years. Thus, it gives a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been organized on ‘ first things first ’ basis to sustain the interest of the students. Every discussion involving conceptual difficulties is immediately followed by a numerical example.

The eBooks is authored by proficient Teachers and Professors. The Text of the eBooks is simple and lucid. The contents of the book have been organised carefully and to the point.

KEY BENEFIT: Horngren's Cost Accounting defined the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory. This acclaimed, number one market-leading book embraces the basic theme of “ different costs for different purposes. ” It reaches beyond cost accounting procedures to consider concepts, analyses, and management. This latest edition of Cost Accounting incorporates the latest research and most up-to-date thinking into all relevant chapters. **KEY TOPICS:** Professional issues related to Management Accounting and Management Accountants are emphasized. Chapter topics cover the accountant's role in the organization to performance measurement, compensation, and multinational considerations. **MARKET:** For future

This extensively revised third edition serves as a textbook for B.Com. and other professional courses in accounting. It covers the new syllabus of Cost Accounting recommended by U.G.C. for B.Com. courses and also the syllabus of Cost Accounting (PE-II Exam., of ICAI). The text is example based and illustrates each concept by providing solved problems that demand the application of the concept. In addition, under the section, "Review Problems", complete solutions to a large number of problems selected from professional examinations have been incorporated. A key feature of the book is discussion at the end of each solution, under "Points to Remember", that provides insights into the problem. Learning cost accounting using this book will be more enjoyable as the problems are interesting and arranged in order of difficulty.
