"As a working parent of 4-yearold triplet daughters, I understand time management presents one of the greatest barriers to my pharmacology students' success. Many students feel that cold sense of overwhelm and information overload. This easyread guide organizes pharmacology into manageable, logical steps you can fit in short pockets of time. The proven system helps you memorize medications quickly and form immediate connections. With mnemonics from students and instructors, you'll see how both sides approach learning. After you've finished the 200 Top Drugs in this book, reading pharmacology exam questions will seem like reading plain English. You'll have a new understanding of pharmacology to do better in class, clinical and your board exam. You'll feel the confidence you'd hoped for as a future health professional. For patients and caregivers, this book provides a means to memorize medications to quickly and articulately communicate with your health providers." --from the back cover.

BUSINESS MATH IN RETAIL SETTING (PHARMACY), 7. PRACTICE QUESTIONS AND ANSWERS.

A new guide designed to ensure confident prescribing in specialist areas. The need for this text stems from the necessity to develop non-medical prescribing in practice. It offers a resource for all non-medical prescribers including nurses, pharmacists, optometrists, physiotherapists and other healthcare professionals who desire to become supplementary or independent prescribers in their field. The book is divided into two comprehensive sections and provides an overview of non-medical prescribing by healthcare professionals other than doctors.
